NUMBER 151.

READY TO SURRENDER.

Commander Dewet Said to Have Sent Lord Roberts Word to This Effect.

HIS PROPOSITION IS CONDITIONAL.

British Commander Has No Official Intimation of Relief of Mafeking—Free Staters Lay Down Their Arms.

Kroonstad, May 21.—General DeWet has sent word that he is prepared to surrender conditionally with his entire commando.

Dispatch From Roberts.

London, May 21.—The following is the text of Lord Roberts' dispatch, dated Kroonstad, May 20: "No official intimation has yet been received, but Reuter states that the relief of Mafeking has been effected. Rundle reports having occupied Bresler's Flat, Trommel and Clocolan, the enemy falling back on Senekal and Pletsburg. Fifty rifles and 3,000 rounds were surrendered by the Free Staters to a battalion of yeomanry working along the telegraph line from Boshof to Bloemfontein. A field cornet and 86 burghers surrendered at Boshof. While at Hoopstad Methuen secured 250 rifles and between 400,000 and 500,000 rounds."

Clear of Boers.

New Castle, Natal, May 21.—The British troops entered New Castle and hoisted the union jack over the town hall. The Boers passed through Tuesday, a disorganized mob. There are 30 families here. All the stores and private houses had been looted, but the buildings are not much damaged. Natal is practically clear of Boers.

To Baden-Powell.

Cape Town, May 21.—Every town and village is sending congratulations to Colonel Baden-Powell at Mafeking. Telegrams are arriving from all parts of the world. There was an immense demonstration here.

Ice in the Tropics.

Washington, May 21.—In reply to inquiries regarding the possibilities of manufactured ice in Central and South America, the United States consular officers in the principal cities, at the instance of the state department, have prepared and submitted reports upon this subject. The consuls unanimously agree that, from a number of causes, the profitable manufacture of ice in the countries of South and Central America is anything but encouraging, and at present is distinctly unfavorable.

Plague Precautions.

San Francisco, May 21.—There are no new developments in the plague situation. No new cases have been discovered, and the situation remains practically unchanged. This announcement was made by the board of health. The inoculation of Chinese and Japanese with halfkine is quietly going on. At all the exits of the city doctors are stationed, and unless a Chinese or Japanese can exhibit a certificate of inoculation he is not permitted to pass the city limits.

Labor Fight Off.

Philadelphia, May 21.—The fight between the United Brotherhood of Carpenters and Joiners and the Allied Building Trades league, which was begun nearly three weeks ago, was officially declared off. The trouble arose over the refusal of the brotherhood to become affiliated with the league in the campaign for an 8-hour workday with increased wages. The employers have very generally signed the demands of the various trades.

Sousa Abroad.

Berlin, May 21.—Sousa's band gave a concert in Kroll's garden. In spite of the unfavorable weather there was a large attendance. The American colony in Berlin was well represented, among those present being Ambassador White and Mrs. White. At the request of Mr. White the band played "Watch on the Rhine," and there was much enthusiasm. The band will play before Emperor William and tour the empire.

Convention Hall.

Kansas City, May 21.—Several crews of artisans worked all day Sunday on convention hall. The fourth set of trusses for the roof were partially put in place, while contractors in charge of the excavating and the concrete and masonry work supervised the construction along those lines. To date the hall directors have awarded contracts for work that will cost \$200,000.

Giant Woman Dead.

Marysville, O., May 21.—Mrs. Mary Brown, the "giant woman" of this city, who was known all over the state, died of paralysis. Mrs. Brown was six feet tall and weighed nearly 400 pounds.

HOUSE AND SENATE.

Interesting Forecast of Congress For the Present Week.

Washington, May 21.—It is probable that the case of Senator Clark of Montana will be indefinitely postponed in the senate for lack of prosecution, and that so more may be heard of it during the session. If, however, Mr. Clark should put in his credentials as a senator under his appointment from the acting governor of Montana, Senator Chandler would move to refer them to the committee on privileges and elections, and if this motion should prevail an immediate effort would be made to have the resolutions bearing upon Mr. Clark's original selection considered. The postoffice appropriation bill was considered today, and Senator Spencer spoke on the Philippine question. Conference reports on the appropriation bills will occupy the attention of the senate during the week.

The Grant Statue.

Washington, May 21.—The statue of General Grant, presented by the Grand Army of the nation, was unveiled in the great rotunda of the capitol and elaborate ceremonies commemorative of the event were held in the hall of the representatives in the presence of a vast concourse of people, who included the widow, daughter and descendants of the hero of Appomattox, hundreds of his comrades in arms, the officers and committee of the Grand Army, and many persons distinguished in military, political and social circles. The statue of the pre-eminent chief of the Union forces in the civil war represents the contributions of thousands of his comrades of the Grand Army, none of whom was allowed to subscribe more than 15 cents, and is the result of a movement started shortly after General Grant's death at Mount McGregor in July, 1885. It is the work of Franklin Simmons, an American sculptor.

Cumberland Presbyterians.

Chattanooga, Tenn., May 21.—The devotional service of the Cumberland Presbyterian general assembly was conducted by Rev. Dr. McDonald of Indiana. Hon. W. V. Grubbs of Texas, chairman of the industrial board of education, was heard by the assembly in a petition for co-operation in the work of the board. The matter was referred to the assembly committee on education. Mrs. B. D. Cockrill of South McAlester, I. T., fraternal delegate from the woman's board of missions, addressed the assembly in reference to the works of the woman's boards, stating that the consecration offering at the meeting at Decatur, Ills., last week, was over \$18,000. She asked co-operation of the assembly in work in San Francisco and other points in America and in the foreign fields.

Foraker's Reply to Baker.

Washington, May 21.—The last letter from Rev. P. A. Baker, superintendent of the Ohio Anti-Saloon league, to Senator J. B. Foraker drew a reply, despite the senator's previous announcement of the "close of the incident." The reply incorporates a letter from Hon. S. J. Southard, chairman of the temperance committee in the Seventy-second Ohio general assembly, refuting the assertion of Rev. Baker that Foraker told Southard the Harris bill must not pass. Senator Foraker also quotes from the official organ of Anti-Saloon league to show its hostile attitude toward President McKinley and Senators Foraker and Hanna.

Wages Increased.

Chillicothe, O., May 21.—The strike of section men on the Scioto Valley division of the Norfolk and Western road virtually ended by a concession to the men of an advance from \$1.10 to \$1.25 per day. It is understood the increase applies to the whole system, in which 750 men will be affected. The shop employees of the Baltimore and Ohio Southwestern road have been notified of an increase of 7 1/2 per cent in wages. The demand was made by boilermakers and machinists only, but the answer was an increase for all employees.

Dropped Three.

Macon, Ga., May 21.—William Raines and his son were killed near Cordele, Ga., by a Mr. Gleaton, who intended to marry Miss Raines. Gleaton went to the home of Miss Raines, accompanied by a friend. The girl's father interfered and tried to induce her to remain at home. A quarrel arose and the young woman's brother rushed up with a pistol and commenced shooting at Gleaton and his companion. Gleaton drew his pistol and shot and killed the young lady's father and brother and mortally wounded a neighbor who tried to stop the trouble.

Princeton, N. J., May 21.—While trying to shoot the rapids in a canoe at Kingston dam, about two miles from Princeton, Philip Kingsland Hay, 19, of Nutley, N. J., and Christopher Colon Augur, 23, of Evanston, Ills., members of the sophomore class, were drowned.

DESIRES A FINE NAVY.

Sultan of Turkey Would Have His on a Basis With Western Powers.

SENDS AN ADMIRAL TO AMERICA.

Latter Will Inspect Warships and Methods of Ordnance and Naval Construction—May Make Some Purchases.

New York, May 21.—Rear Admiral Ahmed Pasia, who arrived at this port from Turkey, said that his mission to this country had no connection with any work of diplomacy. Instead, the purpose of his mission, he said, was to inspect American warships and methods of naval and ordnance construction with a possible view of purchasing a cruiser for the Turkish government. In speaking of the report that he had any proposals to make to this country concerning the indemnity claimed by the United States from Turkey because of injuries suffered by missionaries during the Armenian troubles, he said:

"My business is that of an engineer, not of a diplomat. Of diplomatic relations, therefore, I have no right to speak. That falls to the duty of our Turkish minister at Washington. As yet I am waiting instructions from the sublime porte. From what I could learn of the desires of the sultan in conversation with him, he is anxious to increase the prowess of his navy. I will not give the reasons. I will not say whether we fear Russia or England or any other country, but at any rate, we see that our navy must be put on a basis with western countries. From what we have seen and learned of the American navy, it seemed that there could be no better place to learn modern methods of construction than in America. Again, it is a neutral country, one which would not view such a visit with suspicion. I was selected for the mission because I am the engineer-in-chief of the Turkish navy. When I have reported to the sublime porte the result of my study, they may make some purchases."

In the House.

Washington, May 21.—The Alaskan code bill and the District of Columbia code bill will be used as stop gaps in the house for the remainder of the session to keep out the flood of legislation that always presses at the end of the season. They will give way at all times to conference reports and such other matters as the leaders are willing to allow to go through. Today was District of Columbia day, and later in the week the anti-trust bill and resolution reported by the judiciary committee may be considered. The St. Louis fair bill, if it is agreed to by the committee, on Tuesday also may be considered. The bill to meet the case of Neeley, which the attorney general is anxious should pass also, doubtless will be acted on during the week.

A Plucky Woman.

Memphis, May 21.—Three men—Edward Whittington, Dennis Brogan and Thomas Coleman—said to be coal miners from West Virginia, entered the lunch house of T. F. McKenna and became involved in a quarrel with the porter. McKenna and his wife interfered and Mrs. McKenna was badly beaten with a club in the hands of Whittington. She ran behind a counter and, procuring a revolver, shot Whittington through the back of his neck, killing him instantly. Brogan then advanced menacingly toward her and received a bullet in the face—a fatal wound.

Coeur d'Alene Affair Denounced.

Denver, May 21.—The conventions of the Western Federation of Miners and of the Western Labor union, now in session in this city, have adopted resolutions strongly denouncing Governor Steunenberg of Idaho for his action in the Coeur d'Alene trouble, and urging the voters of the state to refuse to support him or any one who upholds him. The labor union resolutions also denounce President McKinley, General Merriam and others, who are held responsible for the hardships endured by the Idaho miners.

Southern Presbyterians.

Atlanta, May 21.—Devotional exercises opened the third day's session of the Southern General Assembly of the Presbyterian church. A few overtures were received when the business of the day was begun. Some of these related to the hymn book question, protesting for the most part against the hasty adoption of a new book. An overture was offered asking the assembly to inaugurate a twentieth century movement, the plan being to raise at least \$1,000,000 for the permanent work of the church.

Pope and "Americanism."

Rome, May 21.—It is asserted at the

vatican that Archbishop Corrigan's visit will not have political results, and that the question "Americanism" will remain in statu quo. The pope is devoting himself entirely to the ceremonies and receptions of the holy year, and the moment is not considered favorable for raising such a vexed subject as "Americanism."

BOER ENVOYS

Greeted by an Audience Remarkable For Its Size and Enthusiasm.

Washington, May 21.—An audience remarkable for its size, sympathy and enthusiasm greeted the Boer envoys at the reception given in their honor at the Grand Opera House under the auspices of the congressional and citizens' committee. The house was crowded to suffocation. The interior was appropriately decorated with the national tri-colors of both the United States and the Transvaal. While official Washington was not represented in any manner, there were probably 30 members of the senate and the house occupying seats in the auditorium and on the stage.

Chairman Sulzer was the first speaker. After welcoming the envoys and emphatically stating that the occasion was nonpartisan and nonpolitical in character, he said in part: "In my judgment nine-tenths of the American people are against England in this bloody war of conquest for sordid gain, and in sympathy with the Boers. We sympathized with Poland, with Hungary, with Greece, with all the South American republics, with Armenia and with Cuba in their struggles for freedom. Many we helped. Why, I ask, in the name of all that is just and honorable, in the name of our glorious past, should we now refuse to lend our moral support, our sympathy and our aid to the patriots of South Africa? Is American sentiment dead?"

The three envoys were introduced in turn by Mr. Sulzer, and each of them was given a cordial reception. Their remarks were listened to with close attention. The audience gave a standing greeting to the envoys, who told their hearers why they had come to this country and what they hoped to accomplish. Their remarks were very much in keeping with what they already had said in published interviews.

Want the Envoys.

Knoxville, May 21.—The city council of Knoxville, by resolution unanimously passed, has invited the Boer commissioners, now in this country, to visit Knoxville. Mayor Heiskell will formally extend the invitation.

Fairbanks in 1904.

Indianapolis, May 21.—Indiana Republican leaders and delegates to the national convention will go to Philadelphia with the intention of starting a boom for Senator Fairbanks for president in 1904. They have talked the matter over among themselves, and have come to the conclusion that the time is ripe to begin. Republican leaders in Indiana say that there is a growing sentiment for him elsewhere, and that unless something unexpected happens, the prominent men of a number of states will rally to his support when the time comes for him to make the announcement.

Rioting in Berlin.

Berlin, May 21.—Crowds in sympathy with the tramway strikers stoned the cars. The police interfered and were themselves pelted. They replied with blank cartridges and shots were fired at them from the houses. Several persons were hurt on each side. Most of the people side with the strikers, who demand a 10-hour day, instead of a day of fourteen hours, and an increase in pay.

To Investigate Yellow Jack.

London, May 21.—The managing committee of the Liverpool School of Tropical Diseases will shortly dispatch an expedition to the Amazon to investigate the yellow fever. The expedition will proceed by way of Baltimore, where the members will confer with the experts at Johns Hopkins university.

Coming to America.

Queenstown, May 21.—Joseph Mullet and James Fitzharris, alias "Skin the Goat," who were recently liberated from life imprisonment for the Phoenix park murders, sailed for the United States by the Lucania. They hope that a fund will be raised for them in that country.

Plant of the Macon (Ga.) Agricultural company burned. Loss, \$50,000. Steamer John R. Hugo was burned on the Missouri river at Florence, Neb. William R. Hearst of New York was elected president of the National Association of Democratic Clubs.

International peace bureau makes final appeal to the great powers for the restoration of peace in South Africa.

At Portsmouth, O., Richard Masters and Frank Jenkins, business partners, quarreled. The former was fatally shot.

SHY OF GREAT PARTIES

Natives of Hawaii Will Form an Independent Political Organization.

HAVE MAJORITY WITH WHITE ALLIES.

Financial Boom Expected in the Islands With the Final Assurance of a Stable Government. Secret Meeting.

Honolulu, May 12, via San Francisco, May 21.—If the leaders have any control over their political destinies, the natives of the island will not for some time to come express affiliation with either of the great parties. So much was decided by a number of them at a meeting held secretly. At this meeting were men inclined to be Republicans, and some were favorable to the principles of Democracy. A majority, however, favored some sort of Hawaiian alliance, taking in such whites as were acceptable to their ideas. The Portuguese were mentioned.

The idea of the natives is to form an independent party. It was remarked that out of 14,000 votes that could be mustered the natives would poll 9,000. Some of these would be lost to the Republican and Democratic parties, but with white and Portuguese allies they would have a large majority.

With the final assurance of a stable government will, it is expected, come a financial boom in Honolulu. In addition to the influx of capital that is expected from the main land, comes word that President McKinley has approved a bill lately passed making available \$2,000,000. Word has also been received that Secretary Gage has announced that within 45 days the Washington government will call in the \$4,000,000 of bonds assumed by the United States and pay for them. Probably \$3,000,000 of those bonds are held by the Hawaiian people, and it is estimated that \$2,000,000 are now in the islands. Added to this, the plantations will pay their dividends in June and July.

Germany to Retaliate.

Washington, May 21.—Under cover of an annual report on the trade relations of Germany, Consul General Mason, at Berlin, has published some exceedingly important statements relative to the present conditions governing trade between Germany and the United States. Mr. Mason says that Germany has been paralyzed at the enormous upward bound of the foreign trade of the United States, and as German merchants have come to the conclusion that this prosperity is attributable to the United States tariff laws, and arguing that a similar policy could not fail to benefit Germany, they propose a revision of their tariff on the lines of a general and heavy increase of duties, especially upon imports from the United States.

St. Louis Strike.

St. Louis, May 21.—Cars were run on five of the lines of the St. Louis Transit company without any interference from the strikers' friends. President Mahan of the streetcar men's association said that no steps had been taken looking to a conference between the men and the company. He was positive the men would win in the end. The Transit company claims to have a full complement of men, but this is denied by their own employees. President Baumhoff of the streetcar company said: "We are running full-handed on five lines and could run on all of the others if the police were able to furnish us protection for the crews and passengers."

Mysterious Killing.

Philadelphia, May 21.—Professor Roy Wilson White, 29, an instructor in the law department of the University of Pennsylvania, was struck down and brutally murdered in the street. His skull had been crushed, evidently by an iron bar. He died in the Presbyterian hospital without regaining consciousness. It has not yet been positively established that the motive was robbery, as the only article missing was the professor's watch.

Steamer Ashore.

Kingston, Jamaica, May 21.—The Hamburg-American steamer Valencia, accompanied by the government steamboat Ready, left here for the scene of the wreck of the Cunard line steamer Carlinthia, which is ashore on Point Gravois, Hayti. A large quantity of water was taken for the 1,400 mules on the Carlinthia.

Westerly, R. I., May 21.—The granite strike inaugurated here March 1 for an 8-hour day, at \$3, has been settled, and the granite plants will reopen Tuesday, employing all hands. Eight hours is to constitute a day's work, with 35 cents per hour as minimum wage.

THAT Havana postal scandal is growing worse and worse the deeper it is probed.

THE R-publican State Treasurer Day testified that Mr. Youtsey came to him before the assassination of Goebel and offered to settle the Governor's contest for \$300. Bear in mind this came from a Republican testifying against a Republican.

ALL the book paper manufacturers west of the Allegheny mountains, met in Chicago a few days since and decided to close their mills temporarily, and it is asserted that the eastern mills will follow suit. The Wyandot Chief says:

Overproduction is given as the cause, and by closing down awhile they hope to create a book paper famine so as to boost the price of paper still higher. Yet administration cuckoos say trusts are a good thing.

SENATOR TELLER ON THE ISSUES.

The following letter was written the Colorado Silver Republican State Central committee, and expresses the sentiments common to a large body of Republicans who purpose supporting the Democratic ticket:

WASHINGTON, D. C., April 28.
 Present my compliments to each member of the committee. We should not think of any alliance with the Republican party, considering the former position and action of that party on financial matters in the present Congress. The resolutions should be strong for our financial position, in condemnation of the Republican party's course on finance and favorable to the fusion of all silver forces on fair and just terms, but on no other terms. The financial question is as important to-day as it was in 1896, and it will certainly come to the front in the coming campaign. Our duty to maintain our position now is more imperative than ever before, for if we felt called upon to oppose the Republican party in former times because it threatened to adopt the gold standard, we cannot afford to give it direct or indirect aid or comfort now that it has done what it threatened to do.
 H. M. TELLER.

THAT SCANDAL IN CUBA.

The present scandal in the postal department at Havana may result in some good. There is no doubt that the politicians who have been placed in charge of many of the responsible positions in Cuba have been managing affairs on the theory that "public office is a private snafu," and Senator Bacon's resolution ordering an investigation should be adopted. The Senator wants the Committee on Relations with Cuba to make an investigation relative to the collection and expenditure of moneys in the island by United States officials. The expenditures of money by our officials, he charged, has been the most extravagant ever heard of, considering the area and population of Cuba. He read from the report of the Secretary of War to show that last year, in round numbers, the receipts of Cuba were \$16,000,000, and the expenditures for the same period were about \$14,000,000. Bacon read from newspaper accounts the speculations of Neeley in Cuba, the removal of Rathbone and others and produced a War Department pamphlet showing the unlimited power granted to our officials in Cuba.

Senator Hale at this juncture asked for a few moments. He declared, after hearing the extracts read by Bacon, that "no Roman proconsul sent among alien people ever had more power than had been granted to Maj. Rathbone," former Director of Posts in Cuba. It was a departure, Hale asserted, that should not have been made by the United States government. He had believed Rathbone to be both capable and honest, but, no matter how honest and capable one might be, he should not be accorded this power. "The whole system down in Cuba was wrong from beginning to end." Responsibility could not be properly fixed; subordinates were difficult to manage and corruption and scandal were the natural outcome of the recent departure of the United States government. "It was a situation to be deplored," he asserted "and one that caused Americans to blush."

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c. a bottle at J. J. Wood & Son's drug store.

A GOOD START.

Fair Company Organized at the Meeting Saturday Afternoon.

O. G. Callahan Chosen President—Other Officers Elected—List of the Committees Appointed.

The meeting at the Council Chamber Saturday afternoon to further the plans for holding a fair here early in the fall was an enthusiastic one, and there is every indication now that the move will prove a big success.

It was decided to place the value of the stock at \$20 per share, 50 per cent, of which is made payable on first call. The opinion of those present was that 50 per cent. of the stock would furnish the necessary funds.

An organization was effected by the election of the following officers:

President—O. G. Callahan.
 First Vice President—John Duley.
 Second Vice President—T. L. Holton.
 Third Vice President—Thos. L. Best.
 Secretary-Treasurer—P. P. Parker.

The Board of Directors will not be chosen until the next meeting of the stockholders which will be held County Court day in June at 1:30 p. m. in Board of Trade rooms, Cox Building.

The following program committees were appointed:

On Cattle, Hogs, Sheep and Mules—O. G. Callahan, E. R. Davis, T. L. Holton, Alex. Duke, W. R. Gill.

On Floral Hall—Wm. Luttrell, Mrs. Geo. W. Sulser, Mrs. Dr. Davis, Miss Frances Reed, Miss Martha Stevenson, Miss Lily Howard and Mrs. James Marshall.

On Horses and Rings—Chas. Biggers, Chas. Stroude, T. L. Best, J. W. Fitzgerald, Baldwin Cartmell.

O. G. Callahan, Pearce Calvert, Wm. Luttrell, J. W. Fitzgerald, P. P. Parker, J. J. Perrine and John Duley were appointed a committee to prepare articles of incorporation.

The following were appointed a committee to solicit subscriptions of stock: Maysville—P. P. Parker, Thos. A. Keith, Mayslick—Alex. Duke, John Clarke, Helena—O. G. Callahan, Ed. Bullock, Lewisburg—Pearce Calvert, Will H. Rice, Orangeburg—Dr. Hord, D. Sam White, T. F. Goodwin.

Tuckahoe—J. J. Perrine, T. L. Holton, Minerva—Ed. Robinson, Chas. Stroude, H. Lupton—Baldwin Cartmell, Ike Kirk, Washington—Wm. J. Brackeu, Chas. Biggers, Chas. Rhodes.

Marysville—James Morgan, Sardis—Logan Marshall, Cal Arthur, Dover—Sam Stairs, Langhorne Fox.

HAD A CHANCE.

But the Republicans Have Failed to Curb the Trusts.

[New York World.]

The Republicans of the House Judiciary Committee have agreed to report a remedy for the trusts.

As the decision comes at the end of the session, when nothing can be done, and takes the form of a constitutional amendment, which there is no prospect of securing for years, if ever, it must be regarded as anti-trust for campaign purposes only.

Deathbed repentance may have a certain value in theology, but it is "no good" in politics. The Republicans have had full control of the government for more than three years. They have enacted a worse than war tariff to promote trusts. They have passed a sound-money currency bill. They have put Porto Rico outside the Constitution. They have brought Cuba within the realm of "good stealing" for their spoils-men. They have got a big ship-subsidy bill and a Nicaragua Canal job ready to jam through. But they have not done the first solitary thing against trusts.

On the contrary, trusts and other forms of monopolies have multiplied unprecedentedly during the whole of Mr. McKinley's term, and the New Jersey corporation lawyer whom he appointed Attorney General has done nothing to test the efficiency of the very stringent anti-trust laws that we have.

No—it is too late. The Republicans have had their chance and failed. They must go into the campaign as the most successful trust promoters and trust protectors ever known.

Didn't Call Him Pat.

LONDON, May 18.—The son of the Duke and Duchess of York, who was born March 31st last, was christened in the private chapel of Windsor Castle Thursday in the presence of Queen Victoria and others of the royal family. The infant was handed to the Bishop of Winchester by the Queen, who gave the child's name is Henry William Frederick Albert.

BAMBOO PORCH SCREENS.

One thing certain, if you've a porch to be made comfortable you want either awnings or screens. Neither costs much—The screens next to nothing—a cent and a half a square foot. We buy only the sort that's best—outside splints, the shiny kind that does not color quickly from the action of the weather. The price for screens complete with rope and pulleys range from 50c. to \$1.50, according to size.

PROVED FATAL.

Mr. Jesse B. Roper Died Sunday From the Effects of the Dose of Poison Taken Last Week.

Mr. Jesse B. Roper died at 8.30 o'clock Sunday morning at his residence on East Second street from the effects of a dose of poison taken Wednesday, May 16th, with suicidal intent.

Under the medical treatment administered as soon as his condition was discovered, Mr. Roper had rallied, and had rested fairly well several days and there was some hope for his recovery. But the drug was a most deadly one, and finally resulted in his death.

Mr. Roper was born at Cynthiana October 9, 1874, and was a son of Mr. and Mrs. A. G. Roper. His father survives, but his mother has been dead thirteen years. He had been a resident of Maysville several years and was popular among all who knew him. On April 21st, 1897, he married Miss Nellie Means, of this city, who survives him. Expressions of sincere sorrow over his sad death are heard among his many friends. The remains will be buried in the Maysville Cemetery. The funeral arrangements have not yet been announced.

An exchange thus bids farewell to a departed citizen: "He was a man of push. He played marbles for keeps when a boy, and cheated all his playmates out of their alleys; he swapped a bladeless knife for a four bladed, eight unseen, sold that for 50 cents, bought a pound of sugar and made a barrel of lemonade which he sold one circus day for \$8. He started in business and sold bad meats for choice cuts and made a fortune. When he got a thousand dollars, he organized a company with \$4,000,000 capital, mostly water, and sold the stock at par. When the company busted it was found out he had sold out some time before. When he died he was a millionaire and he left it all here. It is warm where he is now."

"TIMER" SMITH got on the war path Saturday and was threatening to cut somebody's head off, when Constable Dawson appeared on the scene and took him before Squire Grant who taxed "Timer" \$0 for getting drunk. Mr. Dawson found a razor concealed in Smith's sleeve, and he will have to answer for carrying concealed weapons.

I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c. and \$1. River News.

Lizzie Bay and Charles B. Pearce due down this evening. Wells and Stanley up to-night.

THE Monongahela River Consolidated Coal and Coke Company has decided to replace the wooden barges now used for coal transportation on the local rivers with steel ones. The change is to be made as soon as possible. It is understood that the river combine is looking for a site where to establish a plant for building the barges. To replace the 1,400 craft now in service will cost about \$4,000,000. The ultimate saving will fully justify the outlay, it is claimed. The project is assured, and is the largest of its kind ever undertaken.

At the request of George Sehon, State Superintendent, the members and directors of the Children's Home Society are urged to meet at the Y. M. C. A. rooms at 7:30 o'clock this evening. The Membership Committee is especially urged to attend. Business of importance.

THE CONFEDERATE REUNION.

The U. C. Veterans Planning for a Big Time at Louisville May 30th to June 3rd, Inclusive.

The reunion will be held at Louisville, Ky., May 30th, 31st and June 1st, 2nd and 3rd. The Reunion Committee is a body of distinguished Confederate soldiers, who as soldiers know what is due to the old veterans of the South; and as Kentuckians know how to dispense to the large number of officers, ladies and other guests who will honor them with their presence that genuine hospitality for which they have a world-wide reputation. Their first care will be for the comfort and pleasure of the private soldiers, the men who stood in the trenches and behind the guns, they come first, and everything else is to be made subsidiary to their comfort and welfare. After they are provided for, then the Reunion Committee will see to it that all of the officers, sponsors, maids of honor, Sons of Veterans, Daughters of the Confederacy and visitors of all classes will receive that attention and hospitality for which the citizens of Louisville are so justly noted. A great reunion hall, a magnificent structure, has been built right upon the banks of the Ohio river, where the business will be transacted.

Many pleasures and entertainments will be given, some of which are barbecues, basket picnics, sham battle reproducing the battle of Perryville, representation of the gunboat battle of Fort Donaldson, where 7,000 cannon will be fired; excursions up and down the Ohio river, receptions tendered the sponsors and maids of honor by the Albert Sidney Johnston Chapter, "Daughters of the Confederacy;" a grand ball to be given in the Confederate Reunion Hall and many other amusements and entertainments, to nearly all of which the old veterans are invited free. A band will be stationed at each division headquarters for use from the time of the arrival of the veterans and retained until their departure.

All Department, Division and Brigade Commanders while in Louisville will have free use of the Postal and Western Union Telegraph on business connected with reunion matters. There will be no Confederate hotel as formerly, but meal tickets will be issued to those not able to pay, and free cots will be supplied to them.

The splendid Reunion Committee will see that nothing is omitted, and the abundance and completeness of all their arrangements is a guarantee that all who honor Louisville with their presence will be gratified with their reception and pleased with the a teatious which the people so well know how to show to the guests within the gates of their hospitable city.

By order of J. R. GORDON, Commanding General.
Geo. MOORMAN, Adjutant General and Chief of Staff.

The man who was too economical to take his local paper sent his little boy to borrow the copy taken by his neighbor. In his haste the boy ran over a \$4 stand of bees and in ten minutes looked like a warty summer squash. His cries reached his father, who ran to his assistance, and failing to notice a barbed wire fence, ran into that, breaking it down, cutting a handful of flesh from his anatomy and ruining a \$4 pair of pants. The old cow took advantage of the gap in the fence and got into the cornfield and killed herself eating green corn. Hearing the racket, the wife ran out, upsetting a four-gallon churn full of rich cream into a basket of chickens, drowning the whole flock. In the hurry she dropped a \$7 set of false teeth. The baby, left alone, crawled through the spilled milk and into the parlor, ruining a brand new \$20 carpet. During the excitement the oldest daughter ran away with the hired man, the dog broke up eleven setting hens and the calves got out and chewed the tails off four fine shirts.

Two weeks ago while employed on Mr. Perry Rudy's farm near this city, he was found unconscious and had been ill ever since. The funeral took place this morning at 9 o'clock. Burial in the Maysville Cemetery.

Mount Liberty, O., May 21.—A cloud-burst, with a heavy hail storm, visited this place, killing lambs, poultry and birds, breaking windows and the foliage off of trees. Vegetation, wheat and grass were completely hammered out of the earth and everything was flooded. Great damage was done to fields.

Cost of Raising Wheat

The thirteenth annual report of the U. S. Commissioner of Labor compares machine with hand methods of production. In raising wheat, according to this report, the labor cost of raising one acre of twenty bushels of wheat, with plow, sickle, flails, etc., was \$4; with disc gang plow, broadcast seeder, five-section harrow, combined reaper and thresher, \$1 42; by the California system of gang plow, seeder and harrow, and combined reaper and thresher, this price is reduced to \$1.02.

The Cincinnati Leaf Tobacco Warehouse Company in its circular for the week has the following:

The situation on the auction floors of the warehouses remains practically unchanged. The continued unfavorable weather for packing and handling tobacco is having an adverse effect on the breaks' market, taking from it much of the essential features of receipts and offerings.

All new tobaccos, not hot or fuked, appear to be held in as much esteem by buyers as heretofore, but when the condition is so bad as to have caused injury to the tobaccos prices for such are easier. Those high in order, but still cool and sweet, sell at fairly good prices, as compared with those prevailing for several weeks past. The little new tobacco offering in perfect keeping condition is bringing prices fully equal to the expectations of the seller.

The better grades of old leaf met a firmer inquiry, and in the opinion of our best judges sold at better prices than prevailed for the same sorts the previous week. The common or lower grades of old showed no improvement; manufacturers do not appear to be needing these sorts at present. The colony types of smokers and stripping lugs do not meet as heavy a demand as heretofore.

The good rains of last week, while they did not furnish a bulking season to those having tobacco hanging in the racks, were of great benefit to plant beds, which now promise an early and abundant supply.

The 191 hds. old offered averaged \$9.91 per 100 lbs. as against \$7.43 for the 218 hds. for the previous week, and \$10.75 for the 166 hds. for the corresponding week of last year.

1900 Tiger Tobacco Transplanter...

An up-to-date machine ahead of all competitors in improvements. Simple in construction, perfection in setting plants. Supplies a larger quantity of water when desired. Will not slip or run over plants when set on rolling ground. Come in and examine them and place your order. Do not wait until you are compelled to have them and then order via express, as it makes them come higher in price.

Just the Thing.

Hot weather is here, and your kitchen will be much more comfortable if you will use a good

GAS COOKING STOVE

Besides, it is much cheaper and safer. Gasoline Stoves endanger life and property, but a gas stove is absolutely reliable and safe. Call on MAYSVILLE GAS COMPANY and get prices and they will furnish satisfactory recommendations if desired.

On the Threshold of June,

Lovely June, almost, and no Hammocks to speak of sold yet, though we purchased heavier this Spring than we ever before dared to buy. The real Hammock weather is here at last, and we realize that if we expect to sell many this season extra inducements will have to be offered to move them along, consequently we clip something off the price of every Hammock in the house and mark them at figures that will surely interest you.

HAMMOCKS

98 cents to \$3, and at all the between prices, too. There are Hammocks made to sell as low as 50 cents, but we don't keep 'em; it won't pay you to throw your good money away on such stuff. The Hammock we offer at 98 cents is strongly woven, full colored, has extra heavy stringers and is complete with pillow, while the one at \$3 is among the finest on the market this season—extra fancy weave, beautiful combination of colors.
